NUMBER 35

GONE TO HER REWARD.

After a Long Illness, Mrs. Laura Allen, this City, Meets the Inevitable.

BORN AND REARED NEAR GRADYVILLE.

Last Wednesday evening about 7:30 o'clock, Mrs. Laura Allen, a highly respected lady of this place, after a long illness, succumbed to the inevitable, and peacefully passed beyond the veil.

The deceased was sixty-nine years old, a daughter of Hop and Emily Stone Cheatham, and was born and reared near Gradyville, this county.

When quite a young woman she was happily married to Dewitt Clinton Allen, who was a prominent farmer of Cumberland county, removing thither and where she resided until after the death of her husband which occurred many years ago. Soon after the demise of her companion, she and her children, Eva, Emily and Lula became residents of Columbia, and when the deceased constantly made her home until the final dissolution. Two of her daughters are married, Eva, to Mr. J. M. Frazer, who now lives at Oakdale, Tenn., and Emily to Mr. L. E. Eubank, of this place, at whose home she died.

Her youngest daughter, Miss Lula, was in Mississippi when her mother was stricken, but she reached her bedside and was a constant attendant until the summons came. Mrs. Frazer is in very low state of health and could not reach here.

In early girlhood the deceased made a profession of her faith in Christ, united with the Christian Church, living close to God until her life work ended. In health, she was punctual, always filling her seat upon the Church ordinances, and was ever ready to work for her Master's cause.

From girlhood to old age she was a lady of most excellent Christian character, and her noble traits were instilled into the minds of her three devoted daughters, who have the sympathy of this entire community. Their best friend is gone, to which statement every person who has lost a mother could testify to its correctness. Death seems hard to give up the one who cared for the young, and whose bearded admonitions have led to strong character and most respected lives, but to those who are now in deepest sorrow we would say take the words of the Master and be comforted. There will be another meeting.

The funeral services were held in the Christian church Thursday afternoon at 4 o'clock, conducted by Eld Z. T. Williams, her pastor. A large circle of relatives and sympathizing friends were present. The interment was in the city cemetery. There were many flowers.

Death of F. E. Christie.

Last Saturday morning about 9 o'clock, Cane Valley lost one of her best and most useful citizens in the person of Mr. F. E. Christie, who was a miller by profession, a part owner of the roller mill in this place, and was also Police Judge of the town of Cane Valley. He was fifty years old and was a victim of typhoid fever. The deceased was born and reared in Casey county, near Clementsville, and had been a citizen of Cane Valley about twelve years. He was a man who stood for the right and was ever ready to denounce lawlessness. During his citizenship of Cane Valley he made many warm, personal friends. He was enterprising and used his influence to advance the moral uplift of the community in which he lived. The passing of this good man spread a gloom over Cane Valley, having created great sorrow, not only to his devoted wife and two small children, but to all hearts who knew him.

The funeral and interment took place late in the afternoon Saturday, many relatives and friends attending.

Mr. and Mrs. Virgil Henry who lost an infant child last week, wish to extend their grateful thanks to all those who stood by them in their sorrow and distress, ending in death.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pie now ever tastes so good, what's changed? The pies? No, it's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete lining up by Electric Bitters of all organs of digestion—stomach, liver, kidneys, bowels. Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Paul Drug Co.

June 25, 1910.

The Columbia Fair is a drawing card. Each year since it was established the attendance has been large. If nothing interferes to retard the growing crop prospects, there will be more people in attendance this year than in any year in the past. It is in mind that the directory proposes to entertain, and has secured the services of a Louisville professional band for the lovers of music. Keep the date before you, August 23rd, four days.

Wanted:—White Oak Logs, write us for prices. Will also buy standing timber and white and red oak lumber. Louisville Planing Mill & Hardwood 45 4t Flooring Co., Louisville, Ky.

Mr. Jo Barlow, an old business man of Louisville, died last week. He was well-known to a great many citizens of Adair county. He was an ex-Confederate soldier and belonged to Morgan's command. When his life went out, he left a large acreage of tobacco out, the stand all over the county good. With reasonable weather from now on an abundance of every thing will be garnered.

Dr. Woodruff James Flowers, of this place, graduated from the University of Louisville last week. He is now at Memorial Hospital, Cincinnati, where he will remain for the next year. He will return to Louisville in a few days and take the State Board Examination. Being appointed an intern is quite an honor, as we stated a few weeks ago.

The wheat harvest is over and much of it in the stack but still reports come to this office of the fine quality and wonderful meshes crowded with high plump grains. Owing to rain from two to four fills the average mesh but, this time reports started full four and has steadily increased in number until thirteen have been reached. We are informed that Mr. J. C. Bault, of Cane Valley produced heads with thirteen grains to the mesh and the straw strong enough to support such mammoth heads. Here's to Mr. Bault and his section of the county—ahead of all wheat reports. Mr. Bault states that he produced it.

The dwelling house of Mr. X. W. Scott, of Ruby, this county, was consumed by fire a few weeks ago. It was insured to the amount of six hundred dollars in the Continental. Judge T. A. Murrell, adjusted the loss a few days ago.

Mary, a little daughter of Rev. and Mrs. B. M. Currie, fell from a fence last Friday afternoon, and at first it was feared that the fall broke an arm, but the physician decided that it was only bruised, and announced that she would get over the hurt in a day or two.

State Board Examination.

Editor News:—

The exact examination for a certificate to practice medicine in this state will be held at the Armory, Louisville, Tuesday, Wednesday and Thursday, July 5th, 6th and 7th next. The examination will include every sect who desire to practice the healing art in any of its branches, and is designed to protect the people from ignorance and incompetency in the treatment of disease.

This Board will appreciate your calling attention to it, as no one can be a legal practitioner without this certificate, and no unregistered practitioner can legally collect any fees.

Thanking you for your co-operation in our work, I am, Very truly yours, J. N. McCormack, Secretary.

Timbered Land For Sale.

I have 2,000 acres of land covered with stave, saw, and tie stuff. R. T. Baker, Amanda, Ky.

Resolutions of Respect.

Breeding Lodge No. 516, P. A. A. M., Whereas, it has pleased the Supreme Architect of the Universe, in his almighty wisdom, to remove from our midst our true and beloved brother, John R. Roper, who departed this life June 25, 1910, Therefore, be it

Resolved, That in his death the Lodge has lost a loving brother. The community an affectionate husband and father.

Further we hereby extend to his bereaved family, near relatives and friends who mourn his loss, our heartfelt sympathy, and while realizing that nothing can fill the aching void of such an irreparable loss, yet we ask them to seek comfort from him who doeth all things well.

Further, that a copy of these resolutions be spread on our record, a copy be sent to his family and a copy sent the Adair County News for publication.

Dr. H. B. Simpson, A. C. F. P., Committee.

A. K. Rups.

We are overstocked in clothing and are now selling at great reduced prices for fall trade. F. L. Wilson, 34-2t Russell Springs, Ky.

Wm. Pierce, who was charged with being accessory to the killing of Taylor Sullivan, was given a trial at Jamestown last week, the jury failing to agree. He was defendant by Messrs. Rollin Hart and James Garnett, of Columbia. The State was represented by Mr. A. A. Huddleston and Mr. O. B. Bertram.

We notice in our exchanges that some people are sprinkling cabbage with parash greens. It is a great mistake to use this poison on vegetables that grow above the ground. There is scarcely a day but we notice where persons have been poisoned by eating cabbage sprinkled with parash green.

At this season of the year the farmers of Adair county were never in better spirits. A fine wheat crop has been harvested, you can almost see the corn growing, vegetables in abundance, and a large acreage of tobacco out, the stand all over the county good. With reasonable weather from now on an abundance of every thing will be garnered.

Take Notice.

All persons with claims against the estate of Daniel Brown, deceased, will present them to me, properly, verified and proven on or before August 1, 1910. W. H. Ratteson, Adm.

Our Dirigo corresponds gives an account of the death of Mr. John R. Royce, who died on the 24th of June, and who was well-known to a great many people of Columbia. He was a first cousin to Mr. S. W. Royce, of Roy, this county.

Mr. J. T. Goodman, who was over from Rowena last week, stated that there was a good tide in Cumberland river, lumber and staves about all shipped. Crops of all kinds looking fine, and the people generally in a happy state of mind.

No More Worry About Pumps.

THE BIG FIGHT.

Johnson, the Negro, Given the Decision in the Pugilistic Meet at Reno, Nev.

THOUSANDS OF PEOPLE WITNESS THE FIGHT

The decision in the fight between Johnson and Jeffries, the two big slugs, was given to Johnson, who is a colored man. The fight took place at Reno, Nev., last Monday the 4th, and was witnessed by thousands of people. The first news of the contest was received here after ten rounds had been fought, and it stated that Jeffries was getting the best of the fight and would win by knockout. Later, at the close of the fifteenth round, a message came, stating that Johnson had been victorious, and had been given the decision on a foul. It is reported that Jeffries struck a foul blow, and not stopping when the gong was sounded, lost the fight. The winner is to receive \$125,000, the loser, \$75,000.

Notice.

All property owners on each of the four principal streets in the town of Columbia will do well to look at the sidewalk ordinance recently passed, requiring all sidewalks and private driveway constructed with concrete and to have same completed by Aug. 1, 1910. All walks and crossings not constructed by that date will be let by contract. Read the ordinance that you may know because it will be carried out in full. Board of Trustees of Town of Columbia.

A Pleasant Outing.

One of the most enjoyable events of the season was the annual Sunday School picnic held by the Methodist School last Thursday at the Fair Grounds, and was most successful.

At an early hour the children and many of the older members gathered at the church where large hay wagons conveyed them to the scene of the picnic, and from early morning until late in the afternoon pleasure ruled the day. During the morning many interesting games were enjoyed by the children in the grove, while the older ones were participating in tennis, baseball, etc.

From twelve to one o'clock proved to be the most interesting hour of the day for the household and picnicers. During the morning many interesting games were enjoyed by the children in the grove, while the older ones were participating in tennis, baseball, etc.

The committee on amusements is to be heartily congratulated and thanked for making the day so enjoyable to all present.

Base Ball at Lebanon.

Last Monday the Columbia baseball team played its first game in a series of meets at the Lebanon Chautauqua. Their first contest was with Campbellville and they lost, the score standing 4 to 1. The News is informed that the Columbia Club threw the game away in the first inning. One of our boys made two wild throws and another one let a ball pass him, Campbellville making three scores. The remainder of the game is reported to have been faultless and spirited, the two clubs making one score each up to the closing. The pitching was almost perfect on both sides. Woodrum for Columbia struck out eleven men and allowed three hits; Wilson for Campbellville, struck out nine men and allowed three hits.

Columbia is billed to play Springfield (Tuesday) afternoon, and the boys phone that they feel like winners.

Married in Jeffersonville.

Mr. Ezra M. Pickett, son of W. S. Pickett, this county, a cigar maker, located at Greensburg, and Miss Bettie B. Lewis, daughter of Dr. A. S. Lewis, also of Greensburg, were married in Jeffersonville last Thursday. They were accompanied to Jeffersonville by H. A. Moss and J. V. Spaulding. The father of the young lady is on a business trip to Birmingham, Ala. She is 15 years old.

Mr. Walker Bryant exhibited at this office some heads of wheat, oats and barley, received from his farm in Oklahoma. Each variety of grain shows that it was grown where every thing combine to reach perfection. The oats will yield eighty bushel per acre and the wheat, a half stand, will measure up twenty. We were not advised as to the yield of barley but the heads were fine specimens of that kind of grain.

Mr. Bryant's brother is managing the farm and is highly pleased with the country and bountiful yield of grain. He reports corn unusually fine and figures to average twenty barrels on seventy acres. He will make 1000 bushel wheat and 2000 bushel oats. The entire crop was made without hired help except harvesting. It's a good report from a good man in a good country.

Do not forget that Rev. J. R. Crawford will preach on the lawn of Judge H. C. Baker next Sunday afternoon, beginning at 6 o'clock.

Remember that the Burkeville Fair will open August 16. This Association invariably entertains.

The Paul Drug Co., offers a ten dollar gold bracelet to the best lady rider. No one is barred. The ring comes the third on the program after the noon hour, third day.

A tobacco barn, which was the property of Mr. Wm. Patton, Breeding, was consumed by fire and eight hundred pounds of tobacco, lost Sunday night. Origin of the fire has not been reported.

It is impossible to compile all the names of the men and boys who went to Lebanon Monday. They went by the hundreds.

Goes Through Bridge.

Last week a traction engine belonging to Maupin Bros., fell through a bridge on the Lebanon and Campbellsville Turnpike and Ira Maupin who was driving the engine, was considerably bruised and the bridge demolished. The accident happened about 5 miles from Campbellsville near the home of Mr. Dave Marshall. A force of hands were soon summoned and after working and tugging for nearly a whole day the engine was taken out not much the worse off for its going down. The young man is about over his injuries, the Turnpike Co. has made a new bridge out of an old one and everyone is glad that things are as they are. —Campbellsville Enquirer.

Mark Twain on Hens.

When Mark Twain was the city editor of the Virginia City Enterprise, he brightened up the paper in all sorts of quaint ways.

Thus, now and then he would write the "Answers to Correspondents" column, filling it with paragraphs such as this:

"Dear Editor—What is the matter with my hens? Every morning I find two or three of them laid out cold and stiff on the hencoop floor. What treatment do you advise?—Poultry. It is plain from your letter, your hens are suffering from death. This is a very common complaint. For it we would prescribe burial.

Constipation
Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Purgin Syrup, which is guaranteed to be permanent in its results. Its ingredients are such that by a mild use of it, the stomach and bowels are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this, Dr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Fortage, O.

To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty-cent or one-dollar bottle of your druggist and continue to use it for a brief time until these doubts and questions are dispelled, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is generally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. To give you any medical advice you may desire for anything pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For a sample simply send your name and address on a postal card or otherwise. For further request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Va.

CHAS. S. HARRIS EDITOR.

Democratic newspaper devoted to the interests of the City of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Post-office as second class mail matter.

WED. JULY 6, 1910.

William Edwin Shekle, a seventeen year old boy of Memphis, Tenn., has gone to try the realities of an unknown world. He left a note stating that his life had been a failure. He then took the morphine route.

Dr. B. C. Hyde, convicted and given a life sentence upon the charge of poisoning Col. Thos. H. Swope, in Kansas City, has been denied a new trial by the presiding Judge. The case will go through all the courts before Hyde is taken to the penitentiary.

Red Fox Richardson has been superceded as Superintendent of the State Reform School Farm by former Senator W. O. Coleman, of New Castle. The Prison Commissioners made the change. Coleman was a candidate for Prison Commissioner, but withdrew from the race.

Hon. John W. Daniel, Senior United States Senator from Virginia, and for more than thirty years a favorite son of the old dominion, died last Thursday night. He was the oldest Democratic Senator in point of service and the most conspicuous in popular favor. He was born and reared in Lynchburg and was sixty-eight years old.

The Cobb direct primary nomination bill was killed in the New York Legislature last Thursday, the vote being 80 to 63. Theodore Roosevelt was very much in favor of the passage of the measure, and urged by letter the adoption of the bill. His wishes were overwhelmingly defeated. Whatever may be the outcome of his first venture in politics since his retirement from the Presidency, he was badly beaten by his own party last Thursday.

It is understood that good citizenship is made up of the very best material and that material is recognized when our best men are elected to office regardless of political affiliation. Admitting these facts it is our duty as citizens of the 11th Congressional district to elect a man who has never been convicted of any heinous crime, nor has never had a pardon hung around his neck.

Glensfork.

The farmers in this section have just finished harvesting the poorest wheat crop they have had for several year.

It will be remembered that this is just the season at which typhoid fever broke out here last year. Every precaution should be taken to fortify against its awful ravages. Houses should be screened against the ever present disease carrying housefly. All cesspools should be drained and premises thoroughly cleaned up and put in the best possible sanitary condition.

With every visting of last year's farm products consumed the indications are that feed and food products will be equally as scarce and quite as costly next year as they are now. Therefore our farmers should glean closely, ever remembering that "every little bit added to what you got makes up a little bit more."

Teachers in this vicinity will be located as follows: E. A. Strange, Glensfork; Robert Marshall, Cum Grove; J. V. Dudley, New Liberty; Eliza Strange, Simpson; F. E. Webb, Dirigo; Grace Dudley, Johnson District.

Mrs. O. B. Harvey who underwent an operation at the Lebanon Hospital some time ago came home a few days ago and is slowly improving.

Uncle Dave Willis is very low with consumption.

S. R. Taylor who sold his farm some time ago to Uriah Morgan has gone to Indiana.

Irvin's Store.

Our farmers are about done cutting wheat—average yield of good quality expected.

Corn crop is looking well but a little small.

J. H. Smith passed through here to day with his threshing machine. He will begin work at Fonhill.

W. H. Hopper has been employed to teach our school. Mr. Hopper has taught for us before and we are sure to have a good school.

We learn that our old neighbor Levi B. Gosser who killed young Hansford, two or three years ago was given two years in the pen. Every one thinks this a very light sentence.

Mr. and Mrs. Jonas Hammond went to Stanford last week where

the later had an operation performed on her eye, which had troubled her for some time. They were accompanied by A. W. Gabberry and their son Dr. Hammond.

Caleb Powers spoke here last Thursday to a good sized audience for the place. Nearly half were women and Democrats, the latter as well as others came through curiosity. A very good joke is being told through here which in part is no joke on Powers. While riding by a farm house he accosted a woman in the garden and inquired as most candidates do after the husband who was not about. When the husband returned the wife told him about the candidate and said he was running for constable. On being told who he was she said she surely was not mistaken as he looked about like a man who would be in a race for the lofty place of constable instead of for Congress. However we would like to see him nominated as it has been a long time since the 11th District was represented by a Democrat. This would give one a chance and its coming.

Will Roosevelt Endorse Taft?

Those who believe Theodore Roosevelt will not endorse the Taft administration are increasing in number.

There is much new circumstantial evidence to sustain this view. In the first place, the ex-President has accepted an invitation to be the guest of honor at a dinner to be given in New York on June 22 by Robert Collier, the publisher of the magazine which has been carrying on such relentless warfare against Ballinger and Taft administration. It is contended by the insurgents that Mr. Roosevelt's action in agreeing to be the guest of the publisher was equivalent to putting the mark of his approval on the campaign against the Taft cabinet member.

Roosevelt has signified his intention of meeting Representatives Fish, of Massachusetts, and Murdock, of Kansas, soon after his arrival on American soil. Both are insurgents.

But the regulars persist Roosevelt is with them. Vice President Sherman, in his recent address before the Citizens' Industrial Association at St. Louis said: "Roosevelt will undoubtedly make several speeches during the campaign, and in these speeches he will indorse the tariff law and will indorse Mr. Taft in every particular."

The Republican Congressional committee is sending this view of the situation to papers in all parts of the country, although there is nothing to justify it.

To the writer, the signs, of the times read that Roosevelt cannot afford to indorse the Taft administration. The price the ex-President would be compelled to pay for such an indiscretion would be a large portion of his present popularity. From the standpoint of the historian, such a finale his career would do great damage.

President Taft has worked hand in hand with Aldrich, Cannon and the exposed and discredited Ballinger. Roosevelt cannot indorse without indorsing Taft's associates in the government. Indorsement of this crowd would be even more than the great popularity of Theodore Roosevelt could stand.

The Taft administration is discredited with the country at least to the extent that it is dominated by men like Aldrich, who in turn are dominated by the greedy corporate interest has made Aldrich's cause his own.

The President is undoubtedly being fooled.

"Just keep cool and stick by Aldrich," he is being advised by men like Guggenheim, Stephenson of Wisconsin, cousin, and Lodge of Massachusetts. "The feeling against Aldrich will soon blow over, and then the grumbling against the administration will turn to hearty commendation."

The President apparently believes this brand of philosophy. He is sticking to Aldrich. He is waiting, hoping that the time of adverse public sentiment will change.

But he will not abandon Boss Aldrich; indeed, he could not if he would. Therefore the cause of the President is as much a lost cause as is that of Aldrich.

Ex-President Roosevelt has never made it a practice to champion causes that are lost, and it is almost impossible for the insurgents to believe that he will begin at this late day.

A Glorious and Safe Fourth.

"Dynamite is not essential to patriotism, but neither is total abstinence from fireworks necessary to a sane Fourth," says Woman's Home Companion for June. "Washington, for instance had in 1909, a municipal fireworks display conducted by experts, lasting two hours, witnessed by forty thousand people, and will have another this year. The money was subscribed by business men, fireworks bought of a firm willing to send men to set them off and the exhibition held in an open space where no damage to life nor building could nor did result. An automobile parade, with prizes, was arranged by a local newspaper, boat clubs held regattas, and a general exodus for a picnic day and a day in the country occurred. For those who had a mind for it, patriotic assemblies were held, the Declaration read and music played its part. And Washington found it worth while, as Toledo has, and Chicago and Cleveland. New York City joins the procession this year. There will be no going back to the old ways. The new way has been tried and found admirable.

"What Washington has done on a large scale you, in your family and in your neighborhood, can do with equal effect. You may not be able, this first year, to change public sentiment in your community, but you can change it in your own circle. And if you cannot persuade your friends to choose the right course with you, at least you can do this much for them: Show them this page. Make them understand the nature of the danger they face. Above all, tell them that if your words and the words of their trusted physician have no weight on the question of denying fireworks

Our school will begin here in a few days, and will be taught by Mrs. J. W. Walker and her sister, Miss Holladay. It goes without saying that we will have a good school for we have experienced teachers. Everybody start your children at the beginning.

Mrs. Ella Y. Robertson, who has been confined to her room for several weeks with a complication of diseases, is improving at this time. As soon as she gains enough strength she will leave for some noted health resort.

There was a great effort on the part of our farmers last week after the good rain to get tobacco plants enough to finish transplanting their crops. So far as we have been able to learn every farmer in this section got through setting.

Mr. Curt Stephens, who lost his arm several weeks ago we are glad to note has improved enough that he is able to be at his father's and walk around on the farm. He is able to be up most of the time. We trust that it will only be a question of a short time until he will be well again.

Miss Eva Walker, of Columbia, spent a few days last week visiting her relatives at this place. Her father and mother joined her the latter part of the week and all returned home.

Mr. J. H. Smith, one of our best farmers, and knows exactly how to farm has in cultivation this year on his farm thirty acres of tobacco. Your reporter has not had the pleasure of seeing all of this growing crop, but we take it from what we have heard that J. Henry Sneed, one of his hands, has one of the finest crops of tobacco in this county, not excepting the Sparksville growers. Come down and look for yourselves and if you can

beat Mr. Sneed's crop the crown is yours and nothing more to say.

Mr. Geo. H. Nell, who has been in the stock business for a number of years, and is well-known in this and adjoining counties has turned his attention altogether to farming. He informed your reporter a few days ago that he had in cultivation this year fifty acres of corn and twenty acres of tobacco and we understand from people passing and repassing his farm that his growing crop is looking fine and especially his tobacco. It is a very common occurrence to see twelve and fifteen hands at work on Mr. Nell's farm. It is a thing of the past to see George Henry down in town unless he is on business strictly.

We have not had the pleasure of seeing Mr. J. M. Wilson for the past few days, but we understand he is getting along all right and is able to be up most all the time.

A birthday dinner was given at Mr. Jake Bank's in honor of his oldest son, Ben, it being his twenty-first birthday. All expressed themselves as having enjoyed the occasion very much.

We have just had a nice little shower which gives the farmers much encouragement.

Most of the wheat has been cut and a very light crop is reported.

The farmers along the river have been very much disheartened for some time, the river having been over the bottoms causing many of them to rebreak and replant their crops again.

Rev. J. R. Crawford, of Columbia, filled the pulpit in the Methodist and Presbyterian church at Mt. Carmel the 4th Sunday in June at 11 o'clock, a. m., and delivered the best sermon we have had during the past ten years. This was his first visit at Carmel, but from the many invitations he received he will surely come back. Would that all preachers would preach the true gospel as Bro. Crawford does and quit mud slinging and wrangling, and the people would be more benefitted by their preaching. Come again Bro. Crawford.

Dirigo.

Mr. Paul Epperson, Roy, paid our section a short visit a few days ago.

Milton Polston and family, Amadaville, visited relatives here a few days ago.

Miss Bessie Epperson, who has been clerking for Melvin Petty for the past few months, has resigned and gone home.

The people of this section were very much surprised upon learning last Wednesday that Mr. Z. T. Bennett, our efficient mail-carrier, and Mrs. Elizabeth Stotts, had decided to take up the journey of life together. But nevertheless it was true. The ceremony that made them man and wife was very impressively pronounced by Rev. H. J. Jessee at the home of the brides son, Mr. I. G. Williams, in the presence of a number of relatives and friends. Both bride and groom have passed the fiftieth mile-post, and each has sat by the deathbed of a former companion. Mr. Creed Stotts, Bliss, visited his daughter, Mrs. Mose Wooten, several days last week.

Mrs. Jane Campbell sold six sheep to Elroy Roe for \$16.00.

D. Stotts who had the pleasure of meeting the squirrel the other day put it; "It is as white as snow."

The sad intelligence went out last Sunday morning that Mr. J. R. Royce had passed away. He died at about 11 o'clock Saturday night, and was buried Sunday p. m., at the family burying ground near the home of J. R. Cummins. He was about 79 years old and was one of the oldest and best known men in this part of the county. He had been a consistent member of the Methodist church for a number of years and gave evidence that he was ready to go. He was a Mason also and was buried by that Fraternity, the entire neighborhood being present to pay their last respects to the memory of their neighbor and friend.

Several from a distance were there also among whom may be mentioned, G. R. Abrell, Wm. Brockman, H. K. Walkup and H. K. Taylor, Glenfork; T. L. Thompson, Columbia and Finis Baker and T. B. Curry, Amadaville, all of whom took part in the Masonic honors. To the bereaved widow and children we would say, weep not as those who have no hope. It is but a short step across the dark cold river and we know not when we too may expect to meet with our loved ones on the other side and there we know there will be no more sad partings.

Dear people we ought to be more thankful for what the dear Savior has done for us. He has been so grateful and good as to send the good rain down upon this beautiful earth so as to moist the ground for us. As we see this good rain coming we think there is fortunes ahead. God has so provided for us in a way that we think starvation is not near and we ought not to grumble so much about the work of God. Some times we say it is raining too much while again we say it just won't rain at all. Let us be more patient and take things His way as we know we have to and be more thankful and grateful for all things.

On last Saturday night about the hour of 10 o'clock, Mr. John Payne was called from this world of earthly joy to a joy that can't be told. This good old man had been confined to his room for a long time and had been suffering terribly. He was a man with a kind heart, a true husband and a loving father. He leaves to mourn his loss a loving wife, 6 children, 5 boys and 1 girl and a host of friends. The body was laid to rest Sunday afternoon in the home grave yard; a large crowd was present to pay the last respect to their friend. A long life has ended a loving father is gone and this community sympathizes with the broken hearted wife and children who did all they could to prolong life and comfort their dear father. Sorrowing ones do not weep but prepare to meet in that sweet by and by.
